Towards Nation Building through Solar Revolution

Shree Chandra Mangal Suncity Marketing Pvt. Ltd. is a company registered under Indian Companies Act 2013. Our company is an ISO 9001:2015 certified establishment which actively involved in selling and promotion of solar energy and related products through Direct Selling.

Conceptualizing with the “Power of Team work”, we aimed to integrate all the sections of the civilized society into forefront by developing them as a team and enhance them as an independent vendor or entrepreneur. To protect and promote the broader social objectives and economic interests aiming **Education for Income and Income during Education** through direct selling of country made solar equipments.

Our Business School – “Discovery of Success” – Rigorously with the proud feeling of being an active participant of Skill Development and Self-Employment Programs through our “Business School”, we provide regular trainings for technical up-gradation and personality development that too free of cost to all ambitious and energetic talents, who are system oriented and having the zeal to develop effective skills for which we trust upon.

Our Vision- To establish the ancient energy been defined as solar energy and now latest source of energy, as it’s a permanent and secure economic base of every family with the physical availability of Nation-made solar equipments with highest technical quality.

Our Mission - To aware and educate the human energy, for the successful use and counterpart of renewable energy so as to build a well-organized and disciplined team. We encourage all the energetic and aspiring citizens in the field of solar energy as solar experts, solar representatives and solar entrepreneurs etc. India is working in the front line to establish new International dimensions in this field.

Light a lamp of Patriotism, Save electricity for the country.....

“

The culture and pride of our nation - Ayurveda , Renewable Energy and Skill Development of every section of the society either it's mental, physical or personality development that too through self-employment as well to build the Nation through Solar Energy so as to achieve the goal of "Make in India".

These trees do not speak of themselves, but they provide us an opportunity to speak. Rememorizing the fact and or the sake of nature, I urge you to contribute to this important task of Nation Building by protecting these incomprehensible trees given to all of us by nature. At this juncture the protection of Nature by promoting Solar Energy through participatory approach is expected and need of ours.

So, I humbly request you to contribute upon, because it's an important part of my rituals to urge. Therefore, I request all those prophets of the Almighty, to be a part of this economic breed improvement mission, by promoting Solar Energy. I wish you a bright future with your healthy, safe and secure life.

K. L. Sharma
Founder and CMD
Suncity Solar

"We are Living with Several Religious & Cultural Diversities but Sun Rays is Equal for all"

“

Be a part of Nation Building

In today's era the Solar Energy is the fastest growing industry. Business opportunities in this field are based on perfect product and service. Business experts believe that big capitalists will emerge through this field in future.

So let us get together for a step forward to build our Nation Awakening and Nation's welfare towards a better life filled with proper and good income. Our aim is to make every section of the society self-employed and to build a prosperous and capable Nation. In light of above you are requested to respect these secular and non-political sun rays.

Contributing to this environmental protection by promoting solar (renewable) energy especially in today's era when the entire human civilization has faced a terrible epidemic, it becomes even more necessary so that we all can live a healthy and safe life through energetic participation and that too with the infinite source of sustainable income.

Rakesh Bhati
Co-Founder and MD
Suncity Solar

"We want to inspire India's young Energy for a Self-Reliant India with this Solar Era."

Solar Energy is Sure, Pure and Secure

India is seen as a model globally when it comes to transition to renewable energy sources. Solar energy will be a minimum requirement of the 21st century energy needs, not just for the present but as well for future, as Solar Energy is Pure, Assured, and Safe.

The idea behind “One World, One Sun, and One Grid” is to meet the energy needs of many small countries on the planet.

Prime Minister speech at Reeva , Madhya Pradesh during the inauguration of 750 Meghawatt Solar Park {10th July 2020}

That free fusion reactor in the sky conveniently converts ~4 million tons of mass into energy every second. We just need to catch an extremely tiny amount of it to power all of civilization.

- Elon Musk, Founder/CEO | Tesla, OpenAI, SpaceX

I'd put my money on the sun and solar energy. What a source of power! I hope we don't have to wait until oil and coal run out before we tackle that. I wish I had more years left.

- Thomas Edison

It's really kind of cool to have solar panels on your roof.

- Bill Gates

Why you adopt Direct Selling

Traditional Market Vs Network Marketing

The dividend increases due to company efforts to eliminate the middle man and agents, who come between the consumer and the manufacturer. The dividend is distributed to the entire team of Suncity Solar by the Team Management in the Group.

Continuous transformation of Changing Business Trends across the World .

C H A N G E

A hand in a dark suit sleeve is shown from the bottom right, holding a white paper tile with the letter 'G' on it. The tile is being placed into a row of other white paper tiles that spell out 'CHANGE'. The tiles for 'C', 'H', 'A', 'N', and 'E' are already in place, and the 'G' tile is being positioned between 'N' and 'E'. The background is a solid yellow color.

There was a time
of bulb

Then came
tubelight

Then came
CFL

And now it's
time of LED

When the lighting of our house has changed with the passage of time, why can't we?
Means technology and things are changing with time to time, so when will you change yourself?
Adopt solar today; get rid out of electricity bills.

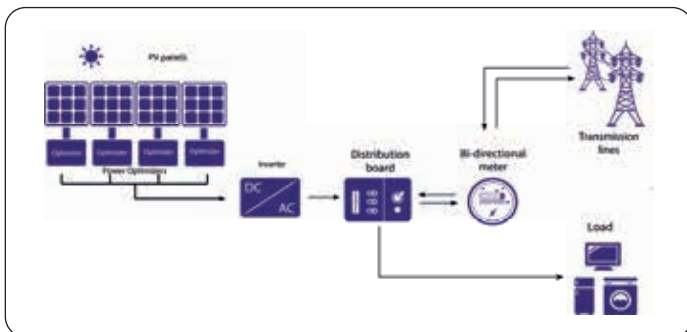

Our Solar Products

Off Grid & On Grid Solar System

Off Grid Solar System: It is used in those places where availability of grid connected electricity is for a very short span of time. Solar panels, inverters and batteries are used in this solar system, from which the battery is charged by the solar panels, and then through this energy saving you can get electricity for a longer time at night also.

On Grid Solar System: It's also been defined as grid connected solar system or grid tied solar system. The generation of solar energy through solar panel and solar inverter converts the DC power to AC viz 220/440 volt which mainly been used for home, school, college etc. If the grid connected system generates more electricity according to the consumption, then it can be supplied to the authorities through net metering, which the government will adjust in your next electricity bill, as per the current policy.

These systems are installed in domestic, industrial and religious places.

Solar Submersible Pumping System

Suncity Solar aims to make us, less dependent on conventional pumping systems so as to save fuel. This solar water pumping system is capable of lifting water from a depth of up to 300 meters and above, which till now is powered by a diesel operated water pumping system. It's not only because of due to heavy pollution but also at the same time, the maintenance cost is also very high. This solar generated pumping system will contribute almost nil pollution of any kind, nor is its maintenance so high, only you have to keep cleaning the solar panel from time to time.

- > Solar panel
- > Submersible Solar Pump
- > Solar Controller, Drive
- > Solar cable

Suncity Kisan Maxima

Solar energy is the ultimate source of renewable energy and can make every household self-dependent in the field of energy ; but due to the high cost of solar energy, farmers are unable to buy large solar products. With our product kisan maxima, every farmer family will become self-dependent in the field of energy. This versatile product is specifically designed fto fulfill the daily power requirements of every farmer. Villages can easily use it in their day-to-day work in their field, warehouse, community building, health center etc. Due to its easy accessibility it can be carried easily as required. It is proving to be very beneficial in the areas where there is non-availability of government electricity, shortage or regular power-cut. In this kit we provide:

- > 100 w 12 v solar module
- > Two 5 w bulbs and one 10 w
- > tubelight 3 speed 16 inch swirl fan (3 blades)
- > 10 meter 4mm DC wire for the module
- > 60 w AC output (for LED, LCD, TV & Laptop)
- > Matel cabinet and charge controller for
- > generator 30 AH lithium battery
- > 20 meter 2.5 mm DC wire for load.

Suncity kisan super maxima

-
- > 160W 12Vx1 solar module
 - > Three bulbs of 5 w and two Tubelight of
 - > 10w 40 AH lip04 battery
 - > 20 meter 2.5 mm DC wire for
 - > load. MPPT Charge Controller
 - > 60 w AC output (for LED, LCD, TV
 - > Laptop) 3 speed 16 inch swirl fan (3 blades)
 - > 10 meter 4 mm DC wire for module
 - > module Matel cabinet
 - > module Matel cabinet
-

Suncity super maxima

Power cut is a very common problem in India, which is seen daily in many parts of India. With each passing day the clear gap between the supply and demand of electricity is increasing. Many people are becoming more aware of various solution to proper energy. Manage their homes during power cuts. Hence, solar inverters are becoming highly successful in India with each passing day

- > 165 w 12V x 2 solar
- > 1100 V A Suncity solar inverter
- > mobile 165 AH Suncity solar battery
- > load. 20 feet DC Wire for load.

Suncity Solar Maxima

Now we can convert even a normal inverter into a solar inverter, in which we neither need to change inverter nor need to change battery. This product is useful for those homes and organizations, who have installed inverter in their homes. Through solar management unit we can convert all general inverter to solar inverter and save our electricity cost.

-
- > 160 w 120 X 2 solar
 - > notification 12 V – 24 V solar
 - > module SMU & Digital controller
 - > management unit with digital display
 - > Daily energy saving display
 - > 12 meter 4 mm DC wire for so load
-

Glass Lined Solar Water Geyser

Solar water heater is used to heat water by solar energy. This hot water resides inside an insulated solar water heater tank, and this hot water can be use as required . The sun's rays have enough energy to heat water 55° C-70°C can be used in bathroom and kitchen. With very little maintenance , solar heaters are a low cost long term solution for getting hot water. For rainy days, solar water heaters have an inbuilt electric heater its capacity starts from a minimum of 100 liters and goes up to 500 liters for domestic use, and up to 5000 liters for commercial use.

-
- > Double Access doors
 - > High pressure & high density
 - > insulation Special Profile Rolled
 - > Section Stand Glass lining
 - > capsule descend shaped
 - > tank 3T gold standard tubes
-

Home & Commercial Street Lighting Solution

Solar street light is a stand alone system, that means it does not require any additional wire connection. It is a system based on solar battery, Which generates electricity through solar panels. All the items needed for solar street lights are installed on a single pole. It comes with dusk to dawn sensors, which are inbuilt in it. Solar light automatically turns on in the evening turns off in the morning and charges during the day. These solar street lights are mostly used in gram panchayat, school college and industries.

- > Aluminum high casting housing with top 1.8 mm
- > 12.8 v lithium phosphate
- > battery 5 years warranty on
- > whole setup 16 w semi- integrated light
- > 75/12 w module

Suncity Sanitizer

Necessity is the mother of invention. our engineering team has given a new example of this. They have designed hand sanitizer dispenser with automatic sensor, which will run on electricity as well as solar and will also have battery backup so that the dispenser works in every situation . In the time of this pandemic many such machines are already being sold in the market today, but they are powered by electricity only. We got the opportunity to make India's first solar hand sanitizer dispenser. Our engineering team turned hazard into great opportunity and created this great product.

- > 10 w solar module with 25 years
- > warranty. 2 A AC charger
- > heavy duty metal product design
- > 2.5 Liter capacity
- > tank With auto dispense
- > Sanitizer battery with
- > backup 4 AMP lithium- ion battery
- > 5 meter wire for load

Technological Innovation of the year 2020 Award by Direct Selling Today Awards 2020

Sun Music

Sun music in today's hectic life, every person wants to spend some time knowing about what is happening in the world keeping that in mind we created India's first solar radio, which will provide you light along with entertainment. It is a complete digital music player.

- > 10 w solar module
- > USB Compatible
- > AUX compatible
- > Three bulbs of 4w and
- > 2 ampere mobile charger
- > A complete music player
- > switches Remote control
- > F.M. Radio
- > Bluetooth connectivity

Technological Innovation of the
year 2020 Award by
Direct Selling Today Awards 2020

Suncity Maxima: Ultimate Solar Home Light System

This system is primarily designed to promote solar. This product is proving to be revolutionary for those ordinary families, where there is still no electricity system or there is a constant problem of power cut. This product is very useful for students, street vendors, stalls, slums or small shopkeepers. This product is the biggest tool for solar awareness. This product will not only provide light, but it will also give an opportunity to a common family to improve their future in the field of solar .

- > 20 w solar panel (25 years warranty PGM)
- > 6 solar powered Tubelight (batonlight)
- > 12 V vault 3 speed 12 inch DC Fan
- > With 7.2 Ah Battery
- > Mobile charger port & AC charger.

Our Products

- Suncity solar modules
- Suncity solar inverter
- Suncity solar battery
- Suncity solar street
- light Suncity solar
- water heater
- Suncity solar home lights system.
